Station Liaison Report:

Conducting all normal operations

Flotilla Commander (FC) Report:

Recapped the Division Meeting. Proper wearing of uniforms is emphasized and online training is available.

Reminder that the Fall elections are fast approaching and leadership candidates are needed.

Auxdata II is live and members are encouraged to login. Any issues with login can be addressed first with the FSO IS. This portal replaces all previous forms and the members input their hours etc. directly. The FSO IS can assist with answering questions and providing guidance. Also, Glenn Funk has been using the system regularly for several weeks now.

Schedule. The 2020 schedule appears below. The next Flotilla meeting is July 18 via Go ToMeeting

Vice Flotilla Commander (VFC) Report:

Provided further information on Auxdata II. "Try it" The old system is now a relic and the new system is completely different, streamlined and user friendly. In fact, although the new system is being referred to as Auxdata II, when you login you go directly to your new Dashboard and nowhere is there reference to "Auxdata". Instead, at the top of the screen is Activity Logs where you go to record all your activity details (hours, mileage, mission codes etc.) on one screen and the Members participating on another screen. Two steps, easy. Then submit for review.
